

Lewisia cotyledon ***Elise Ruby Red***

Culture guide

Uses:

Potting: 4- 5.5"

Exposure:

Sun - Partial shade

Garden height:

6" / 14 cm

Crop time:

4-5 months

Sow time:

18-22 weeks from sowing to flower

Media:

low, avoid excessive Nitrogen

Temperature:

Germination:

Temperature: 68- 72 °F (20- 22 °C) (do not pre-chill)

Soil: well-drained medium, pH 5-6

Growing On:

Temperature: 62-68 °F (17-20 °C)

In wks 10-18 raise temps to 68-72 °F (20-22 °C)

Keep slightly moist, avoid excessive watering.
