

Grasses –
The Art
of Garden
Design

Hordeum jubatum Ricky

Great Grasses for Structure, Texture and Movement

The right accent can elevate a garden into a work of art.

Benary's grasses provide structure for the garden and will help you build a complete array of combinations for your customers.

Choosing out of our different varieties, you will find the right plant for the right spot to create a special eyecatcher.

Melinis nerviglumis Savannah

Signs & Symbols			
	Plug Time		Exposure
	Finish Time		Seed form
	Crop time* (From sowing to sale)		Heat Zone
	Height		Hardiness Zone
	Width		
Horticultural Signs			
	Annual		Perennial
	Cut Flower		

* Ideal crop time can vary under different local conditions

Seeds per Plug:

288/128 cells for 72 to 21 trays. Sow 5-7 seeds per plug, add 3-4 weeks plug time & reduce finish time by 3 weeks.

Plugs per pot:

Gallon/30 cm pot. For 2-3 gallons/60-90 cm, add 3 weeks finish time. More seeds per cell/plugs per pot will result in faster finish.

Pot Size:

quart / 10-13 cm

Benary's Reliable Seed Supply for Grasses

Grasses are currently a major market trend, globally. There is a suitable grass for every desired application, varying in height, leaf color, flowering time and much more.

What distinguishes the Benary grasses from other ones is that we have a reliable seed supply. We deliver the seeds reliably for years in excellent quality with good germination. If you want to be on the safe side, choose Benary!
