Mixes and Combos

Introducing Benary's New Mixed Container Program – Mix it Up™

Fun, fast and fabulous combinations that mingle well with one another. The Mix it Up™ diagrams are very simple. We've done the dirty work to make sure that the plants "play nice" with each other.

All of these Mix it Up™ recipes have been trialed and grown together to ensure grower-friendly results that are also attractive and user-friendly to consumers.

If you're looking for some fresh ideas for your mixed container program, check out our new recipes and let's mix it up!

Our Fusions Recipes!

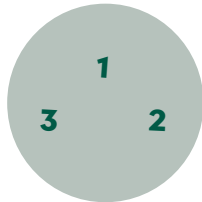

Versatile – Great combinations for many different recipes!

- Unique herbs not available in most grocery stores
- Add a fusion of flavor to your favorite recipes
- “Boutique” herbs add value at retail
- Components look great & grow well together
- Simple planting diagrams
- Culinary ideas on the plant tag!
- Use ideas for in-store events

These tasty combinations can be planted in 6-8” (15-20 cm) pots from just 3-4 liners. For 10-12” (25-30 cm) pots simply double the number of liners.

This results in a full, robust finished product that your customers will love!

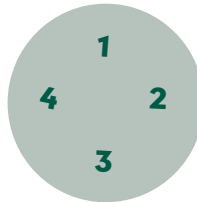

To order unrooted cuttings of each variety, contact your Benary+ Sales Manager at www.BenaryPlus.com.

Spice it Up

Santolina Olivia- the “olive herb” substitutes for olives in “dirty” Martinis.

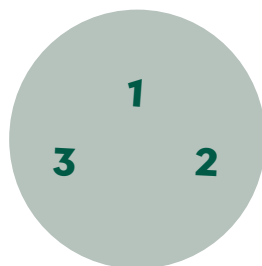

Helichrysum Aladin aka “curry plant” smells like curry when touched and can be steeped in “floral water”.

Known for its anti-aging properties.
