PANSIES & FRIENDS

SPECIAL EARLY SPRING, SPRING AND FALL CROPS

When spring is in the air we can't wait to get outside and decorate our gardens, patios, and containers with fresh and exciting colors!

Benary's pansies and early spring crops are the perfect flowers to paint our outdoor living areas with a blaze of color.

– TOO COOL!

Later in the year – when summer is slowly fading away - they bring back this abundance of color before winter takes over. Our pansies and violas have one of the widest ranges of colors and are good for containers, borders, and ground covers.

The majority of our Pansies & Friends are BeGreen treated.
BeGreen means: Chemical and micro plastics free seed treatments
