

Grow with us.

To support our breeding department in Hann. Münden, Germany we are looking for a

Breeder (MSc) (f/m)

**Ernst Benary Samenzucht GmbH is a global leader in breeding ornamental bedding plants.
Our core business is focused on the horticultural market, serving the professional grower.**

Job Requirements:

- Master's Degree or equivalent in Plant Breeding
- Must have good skills of the English language and be able to communicate effectively verbally and in writing. Knowledge of German is preferred but not essential.
- Must be proficient with breeding administration software
- Demonstrated ability to work in a team environment
- Must be task oriented and self-motivated with outstanding organizational skills
- Creative and goal-oriented personality
- Well equipped with an entrepreneurial and proactive mindset
- Domestic and international travel required (15%-25%)
- Must be highly motivated and ready to work flexible hours including occasionally on the weekends, if necessary.

Job Description:

- As part of our global breeding team you will be responsible for the development of improved genetics in diverse areas of flower breeding
- Will receive an intensive training program with the ultimate goal of leading initiatives for several key flower breeding programs
- Experience opportunity for personal and professional development in a global environment
- Collaborate within in a highly motivated team with all the advantages of a modern family-owned business
- This is a full-time position
